Summary

For Council to be advised of the Shires Municipal Account and Investments.

Background

To invest the Shire of Ngaanyatjarraku surplus funds with consideration of risk and at the most favourable rate of interest available to it at the time, for that investment type, whilst ensuring that liquidity requirements are being met.

Comment

Preservation of capital is to be the principal objective with consideration given to liquidity, cash flow requirements and return on investments.

Preservation of capital is the principal objective of the investment portfolio. Investments are to be performed in a manner that seeks to ensure security and safeguarding the investment portfolio. This includes managing credit and interest rate risk within identified thresholds and parameters.

The investment portfolio will ensure there is sufficient liquidity to meet all reasonably anticipated cash flow requirements, as and when they fall due, without incurring significant costs due to the unanticipated sale of an investment.

The investment is expected to achieve a predetermined market average rate of return that considers the Shire's risk tolerance. Any additional target set by the Shire will also consider the risk limitation and prudent investment principles.

Better rates have been received through a quotation process with the Westpac and Commonwealth Bank and as such funds have been deposited with the bank providing better interest rates. Westpac Business Premium Reserve Account has also been opened with the intention of keeping surplus operating funds in this bank account yielding higher interest income. Money is also held in Westpac's 31-day Notice Account. These funds are mainly from the Commonwealth's FAGS 2023-2024 and Roads Grants paid in advance along with Shire reserve accounts.

Attached is a copy of the Shire Investment Register recording the details of these longer-term investments.

Summary

For Council to consider amendment to the 2023/24 Budget to recognise additional road grant income and associated expenditure.

Background

The Shire has been successful in attracting additional road funding in the 2023/24 financial year to assist with additional road maintenance.

This funding is in addition to the road grants anticipated to be received during the financial year and were not included in the 2023/24 budget. The roadworks will commenced in the 2023/24 financial year and will continue on an ongoing basis.

In accordance with Section 6.8 of the *Local Government Act 1995* the additional income and expenditure is to be authorised through resolution of council as it is not currently included in the budget.

Comment

The funding and associated works are in recognition of an increased maintenance requirement associated with the roads.

The income and expenditure relevant to the 2023/24 budget includes allocation of an additional \$1,000,000 income for grants, subsidies and contributions, and \$1,000,000 materials and contracts expenditure.

The associated works are being carried out by Shire contractors and expected to be finalised in the 2024/25 financial year. The ongoing expenditure requirements will be included within the 2024/25 budget.

The amendment to the 2023/24 Budget will result in the totals for these nature classifications as follows:

Description	Current Budget \$	Amended Budget \$
Grants, subsidies and contributions	1,174,642	2,174,642
Materials and contracts	(2,505,059)	(3,505,059)
